Who We Are

We are a team of doctors and medical students who have personally gone through the journey of studying medicine abroad. We have all the necessary experience and means to pave your way to the best medical universities in Europe.

What We Do

We help shape the future of medicine by helping students like you get into medical school. We specialise in guaranteeing your acceptance, making sure you graduate successfully, and become a licensed doctor in the UK or your country of choice.

1. Services We Offer

- 1. Services
- 2. Why Europe
- 3. Universities
- 4. Why Medlink
- 5. Testimonials

1.1. Pre-application process:

By contacting Medlink Students you immediately benefit from:

- ✔ **FREE consultation** with a medical student (not a secretary in London) who has personally gone through the bureaucracy of going to study in Europe.
- ✔ Assigned student advisor to review your case, answer all your questions, eliminate all your concerns, and guide you on your path to medicine.
- ✔ Free advice and guidance on the most suitable medical universities for you. We work closely with 40+ universities which we have carefully hand-picked.
- ✔ One-to-one advice on life in the respective European country. Our students and university representatives are constantly providing us with feedback.
- ✔ Tailored advice on deciding between Medicine, Dental Medicine, Pharmacy, Veterinary Medicine, Healthcare, or any other speciality of your choosing.
- ✔ Liaising between you and the university regarding your admission, so you don't go through the hassle of dealing with complex procedures.
- ✔ Counseling on any concerns you may have or questions regarding documents and the application procedure.
- ✔ Access to a UK office, and access to an office at the respective medical university in Europe.

1. Services We Offer

- **1. Services**
- 2. Why Europe
- 3. Universities
- 4. Why Medlink
- 5. Testimonials

1.2. Application process:

We do all the paperwork for you & ease your university admission:

- ✔ Professional completion of your documents - notarisation, apostilisation and legalisation (we'll do this for you in the UK, unlike other agencies).
- ✔ Professional translation of your documents by a certified translation agency in the respective country and its native language.
- ✔ Getting your guaranteed acceptance letter from the Ministry of Education in the country you'll be studying in.
- ✔ Tutorials, revision material, and other means to help you ace any entrance exams, interviews, and English proficiency tests (if needed).
- ✔ Personally handling your documents and submitting them to the university, so you can rest assured they will be received on the other end.
- ✔ Assistance with payment of tuition fee to the medical university where you will be studying.
- ✔ Assistance with visa application and processing, if necessary.
- ✔ We also cover the application fee.

1.3. Post care

As medical students and graduated doctors, we give access to a rich network of professionals in your future career.

-  You'll be supported when securing summer internships back in the UK (or the country of your choice).
-  Our doctors who have returned to the UK will help you register with the General Medical/Dental Council.
-  Assistance from doctors with choosing an appropriate post-graduate speciality.
-  Guide for creating a strong cover letter, CV and help with applying for NHS jobs, and then with interviews.
-  Help from doctors on creating the most competitive application for an FY2 position.
-  Assistance with payment of tuition fee to the medical university where you will be studying.

1.4. General support

Our services don't just stop here. As you will be part of the Medlink Students family, know that we have your back whenever you need our help:

- ✔ Assistance with planning your journey to Europe and advice on transport methods and temporary accommodation.
- ✔ Airport pick-up and transport to our office, so we ensure that you are safe, and set you up with everything that you need.
- ✔ Introducing you to the team of students whom you'll see on campus every day and will support you throughout your stay at the university.
- ✔ Social events to help you make friends before the course begins. We know the best places in town.
- ✔ Finding accommodation - we ensure you get the most affordable and ideal student housing tailored to what suits you best.
- ✔ Help setting up bills/internet/a local sim card, and we will do everything for you, so you do not have to lift a finger.
- ✔ Setting up a local bank account: we advise you on the best banks to use with the best conversion rates, and we will help you set up an account.
- ✔ Help with finding whatever you need throughout your stay in Europe, such as restaurants with special dietary requirements, mosques, churches etc.

- 4. Why Medlink
- 5. Testimonials

Even more general support...

-  We will assist you with applying for, and legalising your residence permit.
-  Assistance with applying for Medical insurance.
-  We will give you tours of the city, and the university and show you all the ins-and-outs of living in the area.
-  Academic support from older students studying at the same university as you. Free revision resources, notes, past exam papers, should you need this.
-  Help with revision and preparation for your mid-terms/exams from students who've already aced them, should you require this.
-  Access to the best revision notes from older students and exactly how to prepare for each exam, during your degree.
-  We will add you to the Facebook/WhatsApp group of your respective university so you can interact with the rest of our students.
-  Finally, we will support you throughout your stay in Europe; you'll see us on campus every day, and we're always only a few minutes away.

2. Why Study in Europe?

- 1. Services
- **2. Why Europe**
- 3. Universities
- 4. Why Medlink
- 5. Testimonials

There are countless reasons to study in Europe. Let us give you the TOP 10.

	Degrees recognised by Medical Councils worldwide		More affordable tuition fees and living costs
	Medicine, dentistry, pharmacy, and veterinary are fully taught in English		Practice medicine anywhere in the world after graduation
	World-renowned, recognised by the World Health Organisation (WHO)		Apply for an unlimited number of medical universities in Europe
	Modern medical facilities and advanced technology		No UCAT, BMAT, GAMSAT, or any other complicated exams
	More flexible entry requirements		Less competition for entry

- 5. Testimonials

How it all began

Every year, thousands of applicants do not receive offers to study medicine or dentistry in their home country. One of those applicants was Sam, the founder of Medlink Students.

Despite not being given the chance to study in the UK, he did not give up on his dream of becoming a doctor. Instead, he looked at Europe, scored a place at Craiova Medical University, and graduated as an MD.

Seeing how his peers struggled inspired him to set up an organisation to facilitate the way to medicine for future doctors. Only a few years later, the company has grown to become one of the top international student recruitment agencies.

Why apply with Medlink Students?

We guarantee your acceptance into a medical university in Europe. We are a team of professional doctors and medical students who have been through this process many times with many international students.

Study medicine at the university of your choice in Europe. Our medical students and our team of professionals will provide you the best university for you with on-ground support for 6 years.

We create a strong file for you giving you a competitive advantage. We also provide you with the necessary material for the entrance exam that gives you a huge advantage compared to other applicants.

We have helped many students based on whatever qualifications they came to us with. Now it's time we help you, give us 1% of your trust and we will gain the remaining 99%.

Medlink Students vs Ordinary Agency

- ✓ Help by doctors, dentistry and students studying overseas
- ✓ On-campus representatives
- ✓ Firsthand experience at academic support - students on campus
- ✓ Listens to you and gives you tailored advice on your options
- ✓ Keeps the conversation on you as an individual
- ✓ Genuine information and down-to-earth advisors
- ✓ Helpful and friendly advisors who want what's best for you

- ✗ Secretaries who have never set foot in medical school
- ✗ Call centres
- ✗ Gives basic information with no firsthand experience
- ✗ Promotes unknown universities based on company agenda
- ✗ Talks negatively about other companies
- ✗ Pulls marketing stunts to lure you in
- ✗ Pushy salesmen and saleswomen

Don't just take our word for it. Here's what students say:

Lana Khaled
Carol Davila University in Bucharest

"Medlink Students is an amazing agency, all their agents are medical students and they will do everything in their power to help you get into the med school of your choice. They are very caring that they will actually look after you even after getting you in. Every time I had a question, I would get a reply from them right away. Even after I arrived in Bucharest they had a [student] waiting for me who helped me register at university."

"Well where do I start... Students who go through Medlink Students must realise that a miracle is about to happen in their life journey. I was so confused and stressed about not making it to medicine until I came across the Medlink Students. Their team assured me that I should not worry about making my dream come to reality. The communication was excellent. You can literally get your questions answered 24/7."

Azad Sayak
Medical University in Romania

Guleid Farah
Medical University of Craiova

"The most professional agency. Great value for money with round the clock personal communication which made life so much easier for me. I've tried in the past without the agency and I wasn't able to apply because it was so daunting. They will be able to find you a university whatever your circumstances and preferences. They have agents in every university (and two in mine) who are very friendly and who I can go to for help for the whole 6 years regarding settling in to the university and the city."
